POOR PROSPECTS FOR THE NEW-JERSEY BAGGAGE BILL-FOREIGN RIDERS SAIL AWAY-CLUB TROPHIES TO BE SEEN AT THE CYCLE

DIVISION.

Why cyclists cannot live together in harmony a question many prominent wheelmen are ask ch other at present. What was to have been the regular annual meeting of the New-York Con-sulate of the League of American Wheelmen was to have been held at Sherman Hall, Seventieth-st. and the Boulevard, last night. Instead there wa no meeting, but there is plenty of trouble ahead. at 8.55 Senior Consul Townsend announce that as a quorum was not present the meeting had been adjourned. There were forty-three people present, and fifty are necessary for a quorum. After the session a petition was circulated, which received twenty-three signatures, asking for a special meeting to be held within a week, and an opposition ticket developed at a late hour, made up as follows: For senior consul, J. W. Waiters; for junior consul, W. J. McCormick, for secretary, J. Hill; for treasurer, J. Seligman. The regular ticket is as follows: For senior consul, J. R. Townsend; for junior consul, Dr. L. C. Leroy; for secretary, F. M. Frobisher; for treasurer, B. W. B. Brown. One faction talks about making charges against members of the other faction. Some are of the opinion that if peace is not restored the consulate will go the way of the late but not lamented Cyclists Federation. Possibly the weather is at fault, for cyclists never light when the sun shines and the roads are good. ent, and fifty are necessary for a quorum. Af-

One of the first bills introduced in the New-Jerse distature at its present session was one by Asemblyman Gledhill, of Paterson, providing for the conveyance as baggage by railroad and ferryboat panies of bicycles when accompanied by their Chief Consul Klerker, of the New-Jersey Division, who lives in Paterson and is a constituent of Mr. Gledhill, asked the latter to place the measure before the Assembly. At present the bill is before a committee which is generally supposed to be partial to the interests of the railroads, and it will require hard work on the part of the wheelmen of New-Jersey to have the measure placed upon the statute books. The wheelmen of New-York had just such an experience last year, and those who desire to see the law enacted in New-Jersey should at once communicate with the members of the Legislature and personally appeal to them to vote for the bill. Division, who lives in Paterson and is a constituent

Never before in the history of the League of American Wheelmen has the outcome of the coming elec-tion for the presidency of the organization been so shrouded in mystery. All that is known positively about the two tickets is that Isaac B. Potter heads one and that Sterling Elliott, the present incum-bent, heads the other. Neither candidate seems to be in a talking mood, and it is beginning to look as if the delegates to the Assembly will be allowed to vote for the man of their choice without waste of campaign matter. Mr. Potter returned from Philadelphia yesterday, but he had nothing to say about his visit. Some of the well-posted local wheelmen seem to think that the visit to the Quaker City at this time is significant. They say that no one need be surprised if the name of a prominent Pennsylvania wheelman be found on the Potter ticket. If this is so the election of the Chief Consul of this State would seem assured, for with New-York, Pennsylvania, Maryland and a good part of the West and South reasonably sure to vote for Potter, Elliott's chances cannot be considered as bright as his friends thought they were some time ago. se in a talking mood, and it is beginning to look as

Several of the foreign riders who came to this country to take part in the six days' race at Madion Square Garden sailed for Europe yesterday on Ine steamship New-York. Hate, the winner of the race, will remain in this country for the present, and he may take part in the coming contest at Cateago. He is in the employ of a tire firm. Manager Plummer also remained behind, as a crate of bleyeles on their way to this city went astray, and he will not depart until he har found them. Warburton, another one of the party, changed his mind about returning at the last moment and he has gone South to take part in the races to take place there.

Show to be held in Grand Central Palace will be a ganizations in the Metropolitan district. Contributors to this exhibit are the New-York Athletic Club, Riverside Wheelmen, Harlem Wheelmen, Kings County Wheelmen and the other clubs whose Kings County Wheelmen and the other clubs whose colors are usually seen in the front rank in competitions. At this time, much talk is heard concerning the probable future president of the National Cycle Beard of Trade. It is not believed by those well informed that the next president will be found autside of the present Beard of Directors. Determined efforts are being made in the West to beom a certain man for this responsible position, but as he is not a member of the Board, these efforts will be in vain.

The annual meeting of the stockhelders of the National Cycle Board of Trade was held yesterday norning in the Board's offices, No. 271 Broadway. President Coleman presided. Only a little routine ss was transacted before an adjournment was

TALK ABOUT TURF AFFAIRS.

MUTUAL POOLS TO BE TRIED AT THE OAK. LEY TRACK-SEWARD WERB TO SELL MATCHLESS OF LONDESBORO.

The question of revenue affects the Western racetracks fully as much as those in the East. An effort will be made to substitute mutual pools for bookmaking at the Oakley track, with the chances in favor of a fight between the bookmakers and the association. In Ohio there is a light penalty for violating the laws against betting on the races. There never has been an instance in any com-munity in which the prerogatives of gamblers have been affected that the latter did not make it ex-tremely unpleasant for the racing associations. Many racegoers remember the fight made by the bookmakers to suppress mutual pools at the Brooklyn racetrack. When the revenues of a racetrack or of bookmakers are threatened by any movement to improve racing and the system of betting, the result has invariably proved disastrous to everybody concerned. It is said that in addition to the mutual pools at the Oakley track four or five bookmakers, backed by the association, will quote edds for the plungers who bet amounts of \$25 or upward, and that the volume of the betting will be done in the mutual pools, with the tickets at \$1 each. The outcome of the proposed plans of the Oakley association will be watched with interest by Eastern horsemen, track-owners and racegory. It is proposed to charge a 3 per cent commission on all mutual pools, and the managers are con-fident that the revenues will equal if not exceed the revenues that would be derived from twenty

The sale of hackneys from the Shelburne Falls Stock Farm, the property of Seward Webb, will give lovers of that class of horses an opportunity to secure such a standard performer as Londesboro, to place at the head of a stuc. The reasons given for the sale of Matchless of Londesboro are that there are so many promising sons neighborhood of Shelburne Falls that Mr. Webb neighborhood of Sheiburne Fails that Mr. Webb can safely part with him without affecting the high quality of the produce of the Shelburne Falls Stock Farm. In addition to Matchiess of Londes-boro, a number of his sons and daughters, as well as other horses of hackney breeding, will be seid.

There was a special meeting of the Atlantic Yacht Club held last evening at the Waldorf. Commodore George J. Gould presided. The club decided to dore George J. Gould presided. The club decided to remove from its present quarters to Sca Gate, and the matter of lufting out the new grounds, the building of a new clubhouse and all other details involved by the change was placed in the hands of the Board of Trustees of the club. The new head-quarters will be near Coney Island, where the club will have a strip of land 600 feet front. The proposed amendments to the racing rules were referred to the proper committee and will be reported upon at the next meeting.
